

BUILD YOUR OWN PAIR OF DUELING MARSHMALLOW SHOOTERS

JUST ADD PVC!

ADULT SUPERVISION RECOMMENDED FOR CUTTING

Materials	
Qty	Description
1	PVC, Pipe, 1/2" x 28", Schedule 40
2	PVC, Cap, 1/2"
2	PVC, "T", 1/2"
2	PVC, "L", 1/2"
1	PVC, Coupler, 1/2"

Tools	
	Hack Saw

Building Tips

We recommended adult supervision for cutting the PVC. A hack saw or a PVC cutter may be use.

- Cut all the pipe lengths and smooth the edges with sand paper.
- DO NOT use glue to attach the pipe and fittings together. Just push them together tightly. Marshmallows will eventually get stuck inside your shooter and disassembly will be necessary to clean out the marshmallows.

Purchasing Materials and Tools

The PVC pipe, PVC fittings and other tools can be purchased at your local hardware or building supply store. Check for the nearest location.

- The Home Depot (www.homedepot.com)
- Lowe's (www.lowes.com)
- Ace Hardware (www.acehardware.com)
- Menards (www.menards.com)
- Tractor Supply Company (www.mytsstore.com)
